

Keeping You Safe

Our school's pledge

Child Friendly Safeguarding Policy

At Fairfield Endowed CE Junior School, all the adults who work with you want you to feel safe and happy both at school and at home. A school adult will always help you if you are worried about anything.

We want to make sure that you can do your best with your work and that you can grow up to be happy and successful.

We will teach you about how you can spot risky situations and ways in which you can help keep yourself safe.

How will we do this?

In assemblies you will learn about looking after each other and how to be kind.

In lessons you will learn about:

- what bullying is and how we can make sure that we make it stop if someone is being bullied.
- what it is safe for children to see on computers, tablets or phones.
- that you have a right to be looked after and cared for.

What else do you need to know?

- If you are worried about anything that is happening at school or at home, you can talk to any school adult. This might be your teacher, a teaching assistant or midday supervisor. It is never your fault if a grown up is hurting or upsetting you on purpose.
- Some people at our school have special job of making sure that everyone feels safe. You can ask to talk to Miss. Mellor, Mrs. Parkes or Mrs. Mercer if you would like to.
- If your friend tells you that they are sad at school or at home, then it's best to ask a school adult for help. Don't try to sort it out yourself.

Always tell a school adult if:

- Someone is hurting you.
- Someone is saying unkind things to you
- You see things that upset or scare you on the computer, phone or tablet.
- Someone says something to you that worries or scares you
- Someone gives you things like sweets or other presents to try to get you to do things that you don't want to.
- You don't have enough to eat or are cold or can't sleep at night
- You are left on your own.

Learning for Life
